## BANK ISSUE TABLED

### Council Notes

By Don Purvis

First meeting of Students' Council was held Wednesday, October 3rd, in Students' Council Chambers. The meeting dealt with a mass of material, much of which was work piled up during the absence of Council members during the summer.

Members of Council seemed in fine spirits after the long vacation and the usual laughing and joking filled the chamber until the meeting was called to order by Peter Stewart, after which the councillors settled down to the serious business of student government.

First item which occupied Council was the selection of the new Honorary President. Council decided to approach Honorable Ivan Casey, provincial minister of Education, with the suggestion that he accept the position for the coming year.

Council heard a letter from Tats Yamamoto, summer member of the House Committee of the SUB, in which he made several proposals for the operation of the building. Peter Stewart, Senior man on the committee, said that most of Mr. Yamamoto's suggestions were now being carried out, and that signs and other materials would soon be seen around the building.

A proposal was placed before Council which would have the Snack Bar in the basement of the building remain open after twelve o'clock on evenings of dances, etc., in order to save students the trip to downtown eating-places. Council favored an investigation of this possibility, but wished further information on the subject before making a definite decision.

Application of Donna Coppock, a third year Ed student for the position of Junior woman on the House Committee was read and accepted by Council. Vi King, Vice-President and Senior woman on the committee, stated that Miss Coppock was a very capable woman for the job and that she would perform her duties in the job satisfactorily.

Lighter moment was injected into the serious evening when Council changed the agenda to finish the business of Bill Egbert, Director of Frosh Introduction. Bill's fiancée Margot arrived in the city Wednesday evening, and the pair planned a party. "It's the third anniversary of our engagement," said Bill, "and unless I get over there in a hurry there won't be a fourth."

Council extended a vote of thanks to Bill and the Gold Key Society for the excellent job done on Frosh Introduction Week this year. Bill reported a profit of \$350 for the operation.

Carl Rolf, a third year Law student, was appointed chairman of the Student Disciplinary Committee, but it was decided that the rest of the appointments for the committee would be left until a later meeting in the light of the fact that the agenda for the first meeting was unusually heavy.

Clubs will have a harder time exceeding their budgets this year. It was decided by Council that before any club would be authorized to spend more than its allotted budget it must first get Council approval in the form of a resolution.

Steps were taken also to have special student rates introduced in Edmonton theatres. Famous Players Corporation was approached, and Council learned that special cards are made for students in order that they may obtain the lower rate at the theatres.

### Pres. Stewart, Officials Welcome Frosh to Varsity

Official welcome to the University was extended to the Freshman class Friday evening in Convocation Hall with addresses given by President Andrew Stewart, Students' Union President Peter Loughheed, and other University officials.

Under the chairmanship of Dr. A. J. Cook, director of Student Advisory Services, the meeting opened with a short sing-song directed by Bill Egbert, president of the Gold Key Society.

President Stewart reminded the freshmen that students attending the University were provided with the opportunity of higher education because of the contributions of others.

"Your parents are providing this opportunity; public funds support it. Credit must also go to yourselves. You all have the ability, but you must have a purpose in being here and you must apply an effort. The university treats its students as adults. We hope you will live up to our confidence in you," he said.

Peter Loughheed complimented the freshmen on the spirit and enthusiasm that they had shown during the week. He stressed four main goals which they should keep in mind during their university careers.

"You should learn how to get along with others, learn to think for yourselves, develop an appreciation for culture, as well as develop your ability to earn a living, and you should strive to get an all-round education," he said.

In his talk on the role of the university authorities in student discipline, Prof. H. T. Sparby, provost of the university, stated that student affairs are completely controlled by the students and that the freshmen can do their part by providing interest and co-operation.

Miss Maimie Simpson, Dean of Women, advised the students to

"budget your time so that neither your academic work nor your extracurricular activities will suffer."

Miss Marjorie Sherlock, University Librarian, welcomed the students to the new library. "We hope you will use it," she stated.

Registrar G. B. Taylor and Bursar J. M. Whidden in their talks reminded the students that they would try to assist in solving the problem that might arise during the student's year at the university, while Dr. P. S. Warren, head of the Committee on Student Medical Services, advised the students to read the Freshman Handbook thoroughly.

Dr. A. C. McGugan, head of the University Hospital and President of the Alumni Association, welcomed the Frosh on behalf of the Association, and related some of his experiences when he himself was a Freshman. "It is the privilege of age to reminisce, just as it is the privilege of youth to be bored by the reminiscing," he said. Dr. McGugan also stressed the importance of the Alumni, for "Universities are known by their research and their alumni."

Cokes and doughnuts were served afterwards in the Cafeteria with the compliments of the Alumni Association.

#### ATTENTION, GIRLS!

Girls! Your Wauneita Formal is being held on Friday, Oct. 19, in the Drill Hall, 9-12:30 p.m., \$2.50 per couple. Refreshments in the Wauneita Room, SUB, 12:30-2:00 a.m., \$1.25 couple.

A huge crowd of over 1,200 jammed Athabasca Dining Hall, Gym and Lounge to overflowing at the Frosh Mixer Saturday night. Congestion became so bad that M.C. Dick Macdonald was forced to ask the dancers not to remain on the floor for more than two or three dances at a time. Late in the evening part of the crowd shifted to the SUB Mixed Lounge to provide even more floor space.

—Photo by Red.

#### Attention, all Men's and Women's Athletic Clubs and Sports Representatives:

All those organizations desiring financial assistance from the University Athletic Board for the coming year turn in their budget estimates to Miss Edith Skitch at the Physical Education Office by Wednesday, October 10, 1951.

Also please file by the same time with Miss Skitch the name and phone number of the President or person representing each organization.

EARL LOMAS,  
UAB Treasurer.

### Council Selects Garth Fryett As New Union Secretary

Appointment of Garth Fryett to fill the vacancy of secretary of the Union, created last year by the resignation of Fred Scott, was made last night at the meeting of Students' Council.

Garth Fryett's application was chosen over several others as Council felt that he was best qualified to fill the position. Last year Garth was president of the Debating Society, managing the McGoun Debates last January. He has been active in student affairs for the past three years. Fryett is now in his third year.

Law.

Council decided that in the case of this appointment a secret ballot would be used since there were several applicants.

Appointment of Garth as Secretary leaves a vacancy in his former position on Council, that of Public Speaking Rep. Council accepted Fryett's resignation from that position when he was elected to the secretarial post. He was elected as the Public Speaking representative at last spring's election.

It was reported that several applications had already been received for his former position, but Council was of the opinion that this matter should be held over until the next meeting in order to allow time for more applications to fill the newly-created vacancy.

Fred Scott, elected Secretary of the Union last spring, was forced to resign his post because of a ruling of the Student Disciplinary Committee which barred him from the Students' Union. This created the vacancy in the executive post which Fryett has been appointed to fill.

"I'm sure Garth will fulfill his new duties to the very best of his abilities," said Peter Loughheed, president of the Union, "since he has such a wide experience in campus life."

international students' union at a meeting of the Western group that is scheduled to be held immediately after the meeting with the IUS.

3. Not to ratify an invitation extended by Denis Lazure, University of Montreal student who represented the federation in Europe during the summer, to Joseph Grohman, president of the IUS, to visit Canada.

Chief reason given by delegates opposed to inviting the Soviet student and Mr. Grohman was the "poor publicity" that would be involved. Some delegates declared that if the students did come, they would be "banned" from appearing on their campuses.

Six universities favored the Soviet students' visit, and 12 were opposed. Both proposals were brought back to Canada by Mr. Lazure, who attended the IUS summer games and the Youth Festival in Berlin and an IUS Executive Council meeting in Warsaw, Sept. 1 to Sept. 6, as chairman of the federation's International Activities Commission. Mr. Lazure said information given him at Warsaw led him to believe a reciprocal exchange of students by Russia and

Competition for ETS is now being provided by several Seniors at St. Steve's in the form of a '30 Chevy christened the Mayflower. Columbus may have brought the bucket of bolts over with him, but the studes feel that they got a bargain at forty dollars. "She'll park as well as any other car," Ralph Evans is reported to have said.

"Better," added Bob Mason.

—Photo by Kush.

### Student Exchange With Russia Turned Down

By JOHN SCOTT  
MONTREAL (CUP)—A proposal to have Canada initiate an exchange of students with Russia by inviting a group of Soviet students to visit this country has been turned down by Canada's national students' union.

The proposal, one of four recent major developments in international student affairs, sparked a flurry of debate among delegates to the annual National Federation of Canadian University Students (NECUS) conference in mid-September.

Other three main decisions taken by the federation were:

1. To send representation to a meeting to be jointly sponsored by the Communist-dominated International Union of Students (IUS) and the student unions of the West which are not affiliated with the IUS. This meeting would attempt to iron out the outstanding differences between the IUS and the Western group.

2. In the event that these differences are not settled satisfactorily, to seek establishment of a second

### Treasury Branch Unable To Assist

At the close of the 1950-51 session the Executive of the Students' Council felt an investigation should be launched into the factors involved in setting up a campus bank.

The President and the Treasurer of the Students' Union interviewed the Bursar of the University, who outlined a number of factors both pro and con the Executive's proposal. Space was a problem which was prominently discussed.

### Students Crowd Athabasca Hall At Frosh Mixer

Over 1,200 freshmen and other students crowded into Athabasca Hall Saturday night for the first big campus dance of the year—the Frosh Mixer.

Members of the Gold Key Society, who made the arrangements for the dance, greeted the freshmen at the door and presented them with bibs and bonnets. Special features of the affair were spot dances and a make-up contest held during intermission.

Dick Macdonald, fourth year Med student, was master of ceremonies for the evening, with Kay Pitcher and his orchestra providing the music.

President and Mrs. Andrew Stewart, Miss Maimie Simpson and Professor and Mrs. H. T. Sparby were patrons and patronesses.

Members of the Gold Key Society executive include Bill Egbert, president; Vi King, vice-president; Fran Farley, secretary; Charles Hamilton, treasurer; and Ken Holman, publicity.

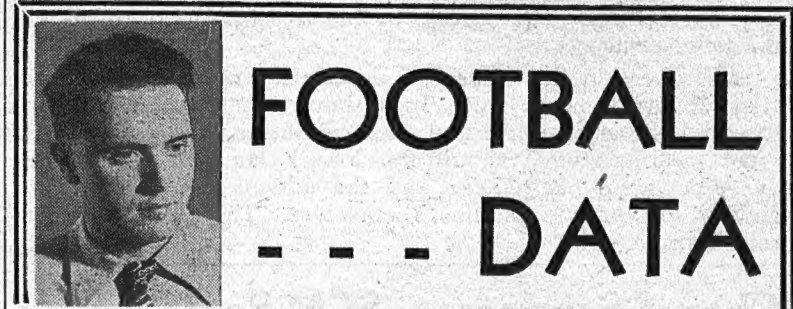

#### FLYING CLUB MEETS

The University Flying Club will hold their first meeting on Wednesday, Oct. 10, in 309 SUB, at 4:30 p.m. On the agenda will be the election of the president to fill John Mutch's position, who did not return this term.

A letter of inquiry was later sent to the Treasurer of the Alma Mater Society of the University of British Columbia (same as our Students' Union) where a campus bank has already been set up. The reply from UBC showed that the chartered bank established there had experienced satisfactory operation.

Peter Loughheed, SU President, acting on the Executive's behalf, then forwarded to Mr. Whidden, U of A Bursar, a proposal of a chartered bank which would operate on the campus, in space and facilities provided in the SUB, offering limited services (cashing cheques and receiving funds for deposit) to students.

The Executive Committee of the Board of Governors discussed this proposal and then requested the Bursar to ask the Treasury Branch what interest, if any, they had in the Students' Union Executive proposal and whether they would be interested in providing the services suggested in the proposal. The Treasury Branch, on being approached by Mr. Whidden, stated that they were not prepared to provide the proposed service to the students. The matter was again reviewed by the Executive Committee of the Board of Governors, who concluded that it was inadvisable to approach any of the chartered banks, some of which have established branches in the Garneau district. The Board of Governors felt it inadvisable since a difficulty would arise in choosing among the various chartered banks.

### FOOTBALL - - - DATA

On Wednesday, March 14, 1951, the students of the University of Alberta voted strong support for the return of football to the University athletic program. In spite of the fact that students favored the return of football by a majority of 1,600 to 600, the UAB decided against resuming inter-varsity competition at this time. The decision to defer the return of football was made only after carefully considering the key problems involved in the issue and was principally based on two main points.

Accommodation for fans, seating capacity if you like, was the first great problem. Even though it was well realized that under the best of circumstances money would be lost on football, there was also no doubt that a definite limit would have to be set as to the amount of money that could be spent. It was calculated that football would not be feasible unless a minimum of 1,400 seats could be erected at the Varsity grid. The UAB had not the money to build this many seats, but it was hoped that if the Board of Governors could be persuaded to approve the purchase of roll-away bleachers for the drill hall, then the old seats from the drill hall could be reinforced, enlarged, and permanently installed at the football field at a cost which the UAB could afford. A subsequent conversation with President Stewart indicated that there was nothing that the Board of Governors could do to obtain rollaway bleachers until the next budget meeting with provincial officials, thus it became impossible to provide adequate seating capacity in time for this fall.

Another problem was raised at last meeting of the WCIRU when it became apparent that the University of Manitoba could not possibly be ready to resume football this year. Without Manitoba football is unthinkable, and until arrangements can be made to have teams at all three prairie universities, football will have to wait.

In addition to all this, it must be remembered that University football now faces competition from both Junior and Senior teams, and only careful organization and strong support—monetary support to be blunt—will enable us to reintroduce the game.

RALPH MILLER.

Canada could be worked out.

The proposed meeting with the IUS, supported by both the British and U.S. unions, does not represent a change of heart by the Western unions, who have repeatedly opposed the IUS "Kremlin-line policy," but what is thought to be a change of heart by the IUS.

Mr. Lazure reported to the conference that he and other Western representatives at the IUS Council meeting in Warsaw noted, firstly, "some indications of a desire by the

### Medical Students Face Hazards

Two or three weeks following a clinic in chickenpox at the Royal Alexandra Hospital in Edmonton, three medical undergraduates broke out with the disease.

Rumor has it that the female members of the class are now refusing to attend clinics in the maternity wards.

## Bring Back No. 1!

An old friend has passed away. Last month the City of Edmonton saw fit to abolish an institution that has formed an integral part of the lives of many Alberta students. We refer to the elimination of the last street-car route of the Edmonton Transit System.

To many members of the Freshman Class, a street-car ride may have been a very infrequent event. In fact, some of the Frosh, especially those from the Calgary area, may not even remember what a street-car looks like. But to many cross-town students a twice-daily ride on the old rattlers has been a long-standing habit. Now those days have gone forever. No more waiting at the High Level Bridge while the wind whistles down the valley at thirty per and thirty below. No more side-long glances at Ol' Muddy from the dizzy heights of the Upper Level. No more double transferring from Varsity bus to cross-town street-car to west-end trolley or to wherever you may happen to be going. Such is progress.

The end of the street-car era is a definite step forward. Personally, we liked the old relics, but we like getting home on time even better. The chances of this are greatly improved with the new service.

Elsewhere in this issue is a description of the new service. Read it and remember it. In a short time the new schedule should become familiar, and the frustration of seeing the bus "just pulling away" should no longer happen. Meanwhile, everyone keep his temper and the advantages of this latest change will quickly manifest themselves. The ETS has made a real improvement.

## Chapel Services Held In Steve's

Chapel service will be held again this year in St. Stephen's College each week-day morning, starting Monday, October 1. The services, which begin at 8:10 a.m. and end promptly at 8:20 a.m., are sponsored by the college faculty, the Student Christian Movement, the Inter-Varsity Christian Fellowship, and the Theolog Club. All students are invited to attend.

## SCM Secretary To Speak Oct. 4

John McRae, Student Christian Movement general secretary, will be the guest speaker at the organization's social evening Thursday, Oct. 4, in the mixed lounge of the SUB. Mr. McRae recently returned from a summer in Europe.

The meeting will begin at 8 p.m., and all students who are interested are invited to attend and share in the fun and fellowship.

# In This Corner

BY BERTAM NEBLICK

Taking over from my friend Bertram Neblick.

As a matter of fact, I was talking to Bertie a couple of days ago. He was a trifle disconsolate that some of his readers had not understood him very well in the last column. But he dismissed his tears with the thought that, after all, he couldn't expect varsity students to understand anything more serious and detailed than Donald Duck.

\* \* \* \*

## Sardonicism

Two local gals arrived in Montreal this summer. They asked their taxi-driver how he liked Montreal. "I like it very much," he said. "I wish I were somewhere else." Which dispels the idea that everybody in Canada's largest city thinks any place without Lili St. Cyr would be dull as blazes. Said taxi-driver explained that in Montreal, the most important things were (1) money, (2) God, (3) women, and (4) wine. "If you have the first, you can get all the others," he went on.

\* \* \* \*

So The Gateway hopes to come out twice a week this year. Question is, will they be able to get enough material to fill four pages each time? They seemed to fill the space pretty well in the first issue, even if they did have to print semi-slanderous stories about students being late for registration, and, still worse, Student Street.

Who is this Dave Gell, anyhow? (Which is precisely what he'd like everyone to know.) Well, friends and foes, we'll tell you all—yep, every little thing—about this creature, at some future time. Provided, of course, that the editors of this journal will stretch the point a little when they think of the N.Y. Times motto, "All the News That's Fit to Print."

\* \* \* \*

John (you all know John), often referred to as John-John, or sometimes as John Hinsdale (for he was born on Nov. 12, 1919)—as I was saying, John and I were carrying a bed down the street yesterday. You see, we go equipped for any eventuality. John-John said to me, "Did you hear that Tess Trueman has chicken pox?" "Well, what am I supposed to do, cluck?" I answered. We met an old childhood sweetheart. (She really isn't that old, you know, but it but it makes for a good story.) A very charming girl, too, but as we were in a hurry, we passed on, especially after she declined to rest on our bed (to test its Supersoft mattress). "After all," she said, "in the middle of the street! Really!"

\* \* \* \*

This innuendo-packed conversation seems to have reached the ears of a husky farm-girl sitting in the sun, on a front porch. The poor dear was knitting and humming to herself, "Home on the Range", interspersed occasionally with sibilantly whistled bars of "Showers of Blessing". An obvious Education student.

Later in the day, John-John and I were back on the campus. As we walked down 89th Avenue, a well-constructed one-storey wooden building flew by (on wheels) towards the Med Building. "Probably the new Engineering Building", I thought. "Prefabricated."

\* \* \* \*

## Monkeys is the Cwaziest People

A fine recital, that, in the Mixed Lounge Sunday afternoon. Jeanne Rogers was singing, you know, accompanied by Margaret Ann Brine. Two well-known Council members loved every minute of it. That is, more so than anyone else present. Eva Saito played the piano, too, but that wasn't so important—to these two public figures.

\* \* \* \*

Faculty Notes: Psych. Prof. Smith mixes excellent punch, we discovered this summer. . . . Poly Ec man Mayo has passed us by in the Arts Corridor three times in a week, without looking up from a steadfast gaze at the floor. Could be he's on the track of some dangerous Honors Economy student who's gone radical. . . . Presidential Assistant Dr. Johns is a handy man on a bicycle. He was observed racing down the avenue at eight miles per hour this summer. . . . Keeping a cool head at Saturday's Frosh Mixer dance was our President. Not a drop of perspiration appeared on his forehead. And Athabasca Hall was hotter than Nebuchadnezzar's ovens.

\* \* \* \*

In the World fo Sassity: Former Gateway columnist Bruce Powe is in Ottawa now, helping our Mike Pearson. You'll remember him for his clever satirical essays entitled "Out on a Limb", and signed "Sprucebough". . . . Still talking about Gateway alumni, Don ("Pinky") Matheson, after several months at the Edmonton Journal, has tied himself up with Canadian Press. . . . Drama-ite Lois Enright, with CBK staffer Jean Richards, have headed down East to study at Lorne ("The Voice of Doom") Greene's Academy of Radio Arts, in Toronto. . . . And this will top it all off: former Gateway Ed Don Smith, now with the Journal, went and got himself married. So has former Students' Union President Tevie Miller.

And Lew Lehr used to say that monkeys is the cwaziest people!

IAN C. S. McLEOD

## In Memoriam

This summer, third year medical student Ian C. S. McLeod was killed in an accident near Williams Lake, B.C.

Ian had lived in Edmonton since his family moved here in 1941. He attended high school at Garneau and Strathcona High, where he won the Wees Cup for the highest academic average when he graduated from grade twelve in 1946.

At University, Ian gained a B.Sc. (cum distinctive primi ordinis), then entered the Faculty of Medicine where he had completed two years with consistently high marks.

He was a member of COTC, having already earned a commission as Lieutenant in the Infantry. He intended to qualify as a Medical Officer in the RCAMC.

Ian will long be remembered by his fellow students, to whom he was a good companion and a true friend.

## E and G Notice

All students interested in working on the 1951-52 edition of the Evergreen and Gold are invited to attend an organization meeting at 4:30 p.m., Thursday, October 4, in the E and G offices in the SUB. Previous experience is not necessary; a keen interest is sufficient.

## All Campus Clubs MUST Fill In Gateway Form

The following form must be filled out and turned into The Gateway office without delay. The information about your executive is essential to the proper coverage of your activities. In cases where the Publicity Man has on phone, a name and phone number should be listed where The Gateway can obtain any information that it might need.

Forms should be turned into The Gateway office not later than Oct. 12th. Failure to turn in the completed form will mean the loss of publicity for your functions. Your co-operation will be appreciated.

The following organizations should fill out the form:

Ag Club  
Amateur Radio Club  
Arts and Science Club  
Ballet Club  
Bowling Club  
Camera Club  
CAMSI  
COTC  
Canterbury Club  
Chem Club  
Chess Club  
Commerce Club  
Curling Club  
Debating Society  
Dramatic Society  
DUS  
ESS  
EUS  
Flying Club  
Gold Key Society  
Hillel Club  
House Ec. Club  
IFC  
IRC  
ISS  
Law Club  
Lutheran Student Association  
Math and Physics Club  
McLeod Club  
Mining and Geological Society  
MUS  
Mixed Chorus  
Music Club  
Newman Club  
Outdoor Club  
Political Science Club  
Public Speaking Club  
Pan-Hellenic Society  
Pharmacy Club  
Philosophical Society  
Radio Society  
SCM  
Symphony Orchestra  
UNT  
VCF  
Women's Athletic Association.

## - - Hear Ye - -

## THE REGISTRAR SAYS:

—That the attendance rules have been altered and that it behooves every student to acquaint himself with them. A words to the wise. . .

—That every student's registration should coincide exactly with the course he is taking and that no changes may be made without the consent of the Dean or Director concerned. A contract cannot be changed without the consent of both parties. . .

—That a sixpage bulletin entitled "Higher Education Facilities for Canadians in Britain" is available for inspection in the Registrar's Office. . .

## Gold Key Society Lauds Frosh Sport

Editor, The Gateway.

Dear Sir: On behalf of the Gold Key Society, I would like to take this opportunity of thanking all the Freshmen for their co-operation during the past week. I do not believe that the enthusiasm and good spirit of this year's Frosh class has ever been excelled in the history of Frosh Introduction Week. If the past week has been any indication, I am sure that this year will prove to be a most successful one for both Freshmen and Upperclassmen.

I would also like to thank everyone else who helped the Gold Key Society in so many small but most essential ways. Without their help, Frosh Week could not possibly have been the success that it was.

Yours truly,  
W. G. N. EGBERT.

## Forum Organizes

Organization of the Parliamentary Forum will be considered at the organization meeting of the Political Science Club, Tuesday, October 9, at 4:30 p.m., in Arts 139.

Elections for the new club executive will also be held. Interested students are invited to attend.

## Lest We Forget

Former assistant professor of English at the University of Alberta, Captain John Kenneth Heath, died of wounds suffered in Korea.

Decorated with the Military Cross and bar in the Second Great War, the 35-year-old captain was born in London, England. Coming to Canada, he received a bachelor of arts degree in honors English from the University of Saskatchewan and his master of arts following the last war at the University of Toronto.

He joined the University staff here in 1948 as lecturer in England and attained the position of assistant professor here before resignation in 1950 to return to the University of Toronto to acquire his doctorate.

He was second-in-command of the University of Alberta contingent of the COTC and coach of the University wrestling team. During the last year he was a gunner in the artillery and lieutenant and troop commander in the 16th anti-aircraft regiment stationed in northwest Europe.

He married the former Marjorie Lee in 1950, who was a member of the 1950 graduating class in honors English.

## RESIDENCE NOTICE

There are vacancies at Newman Hall, 11149 91 Ave., for Catholic girls. For inquiries, Phone 37457.

## LOST

Would the person who took a gabardine coat by mistake from the front of Med 142, please Phone 83101.

## News 'n Views From Other U's

Our counterpart in Omaha, The Gateway, has published a set of rules for the writers of its paper:

1. No risqué, smutty, off color, naughty or downright nasty stories, jokes or cartoons.
2. No derogatory comparisons between The Gateway and the other local paper.
3. No wisecracks or brash insinuations about deans or faculty.
4. No comparisons between ROTC uniforms and bus driver's apparel, or any essays on the subject, "We are becoming a police state by having military personnel on the campus."
5. No gossip, above all NO gossip, or "I-saw-Herbert-with-Molly last night" stories.

It's a fine creed, but how can they live up to it?

Students at Eastern College are paying a nickel for their cuppacawfee. This is still a feature of their Student Union Cafeteria.

There are about 2,400 students registered at the University of Saskatchewan this year. Arts students lead the enrollment with the Beermen running a low second. It is expected that enrollment will be below last year's level, in line with other U's across the Dominion.

**(MY CHOICE) EVERY TIME**

**New 'Vaseline' Cream Hair Tonic**

Have you tried it—this new cream that gives your hair that "just-combed" look all day long? The cream that makes your hair naturally lustrous . . . the only cream containing Viratol\*. No wonder it's the pick of particular men who want neater, better looking hair.

\*Gives your hair lustre—keeps it in place without stiffness.

# KAMPUS KWIZ

by Gene Kush

## IS YOU A GOOD STUDE?

- Upon being caught walking on the lawn in front of the SUB, by the campus policeman, you should:
  - Flash your WCTU card.
  - Refer him to Mr. Billingsley.
  - Offer to wrestle with him.
- Upon finding out that your date is from Pembina and has to be in by 1 a.m. and it is now 12:59 p.m., you should:
  - Put the cork back on and join the others in the Pembina Handicaps.
  - Say that being housebound has its advantages.
  - Find her another place to stay.
- Upon being caught talking to a member of the Golden Key, you should:
  - Comment on how "slack" things are this year.
  - Comment on how much of your Students' Union fee is tied up in his new blazer.
  - Comment on how hard it is to get hired help this year.
- Upon being caught talking to the President of the Students' Union, you should:
  - Compliment him for not buying a new car immediately after Students' Union fees are in.
  - Ask him how he expects to graduate.
  - Try to float a loan.

## Pakistan, India Impartial In World Political Struggle

Pakistan and India are not interested in siding either with the East or the West. This was the impression two University of Alberta delegates gained at the fourth International Student Seminar held near Ottawa this summer.

Ruth Macdonald, fourth year Education student, and Frances Suter, a modern language student in the Arts Faculty, represented Alberta at the seminar, which was attended by 75 delegates from 16 countries.

"Although not in agreement in many matters, India and Pakistan seem to be at one in feeling that they can remain independent thinkers in spite of the two-power block," the two delegates said.

The theme of the discussions at the seminar came under the general heading "Contributions and Needs of East and West." Due to the large Asian delegation, which came to Canada under the Colombo plan, the discussions pertained mainly to the problems of South East Asia.

"Probably the most worth while pieces of information for understanding students from so many

different parts was gained in private conversation and small bull sessions," Ruth stated.

The delegates were chosen to attend the seminar last spring by a joint committee of the ISS and faculty members. They were financed through the contributions of the Provincial Government, City of Edmonton, and the Rotary Club.

## St. Steve's Plan "Get-Acquainted" Smoker Thursday

First activity of the year at Steve's will be a smoker Thursday night in the Bullpen. "We want everyone to come and get acquainted with their fellow residents," said John Stelfox of Steve's council, in making the announcement.

The smoker will start at 7:30 p.m. There will be a short skit and other entertainment. Refreshments will be served.

Don't forget, fellows, 7:30 o'clock Thursday, in the Bullpen.

## Miss Tess Trueman

LEAVES FOR EAST SOON

## Delegates Leave For CAMSI Meet

Two University of Alberta students leave Friday to attend the National conference of the Canadian Association of Medical Students and Interns at Queen's University, Kingston, Ontario.

The conference is to be held from October 9-13, and is an annual meeting where problems of medical students, intern remuneration, curriculum changes, national policy, and affiliation with foreign medical organizations are discussed.

Tess Trueman, third year Med student and member of the Golden Key Society, is the senior delegate who will attend the meeting, and Ron Young, second year Med student, is the junior delegate.

These delegates will take Alberta's exhibits to the CAMSI Art Salon with them on the trip. Paintings and photographs done by the Med students here at the university will be judged at the conference and prizes will be given.

**ATTENTION, GIRLS!**

## Koreans Discuss War At SCM Camp

The problem, "What does the Christian say to the Korean War?" is one of such vital importance to people who attempt to follow Christ today, that the Student Christian movement here has decided to make that the topic of its fall camp, which will be held Thanksgiving weekend, Oct. 6-8.

In order that first-hand information may be obtained on the situation in Korea, four people who know this troubled country will be in attendance.

Miss Mary Hong and Miss Kay Yu are Korean nurses who have lost all their possessions in their homeland, and are now working in the Lamont Hospital; Dr. Cho was practicing medicine in Korea, lost all his possessions and medical equipment, and finally came to Canada. He is now studying toward his Ph.D. at the University of Saskatchewan.

The fourth visitor at the camp, Mr. Bruce, is a resident of Edmonton who served formerly as a missionary in Korea.

With these four to lead the discussions and supply background information, the camp cannot help but be both educational and thought-provoking.

The serious theme of the camp will not prevent the group from having a good amount of fun, however, and it seems likely that everyone will be in a merry mood as the students leave St. Stephen's College at 2:00 p.m. Saturday, and proceed to the Anglican Campsite west of the city.

During the two days of the camp the spirit of Christian fellowship is certain to foster many friendships which shall last on into the university term, as a new insight is gained through Bible study, discussions, and worship services.

## NFCUS Report

(Continued from page 1)

IUS to compromise" with the Western unions opposed to the IUS, and, secondly, split feeling within the IUS executive itself.

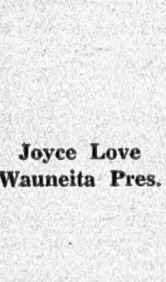

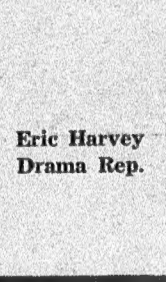

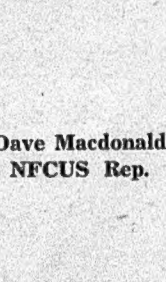

While the NFCUS conference decided both leads should be followed up, delegates left no doubt they do not expect the meeting with IUS to be successful, so great are the outstanding differences. But not to go, delegates felt, would, from a propaganda point of view be a poor move.

No date or place has been announced for this meeting, but it is expected to be held just prior to a meeting of the non-affiliated Western unions scheduled for Edinburgh in December or January.

Delegates decided that if, as they expect, the meeting with IUS ends unsatisfactorily, they would recommend at the Edinburgh conference "establishment as soon as possible of an international students' organization which would be political in character, and which would include all representative national student unions of the world." In effect, delegates felt, this would be a Western bid to provide a substitute for IUS.

The NFCUS conference each year charts the federation's foreign policy for as far ahead as it can see, then leaves responsibility for carrying the policy out to an International Activities Commission. Syd Wax, of the University of Toronto, was elected to succeed Mr. Lazure as commission chairman.

## Film Programs by Extension Dep't. Commence Tuesday, October 9th

One of the facilities of the new Rutherford Library building, not previously available on the University of Alberta campus, is a projection room fully equipped for many forms of visual media. The lack of such facilities has in the past precluded the possibility of many of the fine films in the Department of Extension Film Library being seen by members of the student body and staff, otherwise than at infrequent showings to clubs and societies.

Announcement has now been made that through an arrangement between the Rutherford Library and the Department of Extension, the best in documentary and informative films will be shown in the projection room of the library every day, on Monday to Friday of each week, during the noon hour. The program will be from 30 to 35 minutes in length and will commence at 12:45. The Department of Extension will supply the operators and films and by these means will make available to University students the latest and best films dealing with world affairs and current problems.

The opening program will be

## ENGLISH AS SHE IS SPOKE

From the Wetaskiwin Times

The announcement that Dr. E. O. Hohn, Assistant Professor of Physiology at the University of Alberta, has been awarded the degree of Doctor of Philosophy from the University of London for his thesis "Studies on the Progestational Reaction of the Rabbit's Endometrium" renders the duty of acknowledgement exceedingly difficult for fear of using terminological inexactitudes leading to hypertypis. Doubtless some eulogistic or other form of commensalism will provide the appropriate occasion for an adequate eulogium. In this event it is suggested that some culinary preparation of the viscera ruminants would serve as a suitable titillation of the gustatory senses.

As for us, we prefer fried oysters.

## Law Student Earns Pin Money Snacking In Tuck

Law student Don MacKinnon was sitting in a booth in Tuck one evening last week with a couple of other legal types when he decided to have a snack. He handed the waitress 80 cents to pay for his 79 cent bill; she gave him three coppers in return. He mulled the transaction over in his mind for a minute, asked if she hadn't make a mistake.

Apparently intelligence isn't contagious, 'cause she answered, "No, seventy-nine and three make eighty." After several attempts at explanation Don walked away somewhat confused—with the extra change.

## Sunday Service For Anglicans

A Corporate Communion Service for all Anglican students will be held at All Saints Cathedral on Sunday, Oct. 14, at 8:30 a.m. Afterwards everyone is invited to the parish hall for a hot breakfast which will be served by the Canterbury Club.

## Tuition Increase Said "Deplorable" By NFCUS Reps.

MONTREAL (CUP) — Canadian student officers, terming the latest round of tuition increases at the nation's Universities "especially deplorable," have laid plans for a "national campaign to seek reduction in fees."

Pointing out that the cost of obtaining a higher education has risen again in the past year, delegates to the mid-September NFCUS conference reaffirmed the federation's view that "no Canadian should be prevented by financial need from completing his education."

Means to be used in the "national campaign," mandated to the University of British Columbia NFCUS committee at its own request, are yet to be worked out.

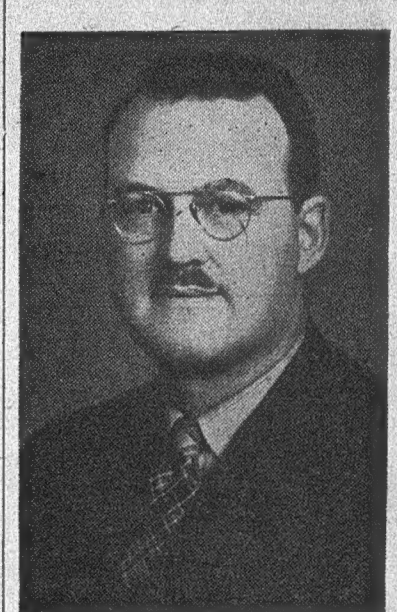

In a motion lauding the Federal Government for the grants to Universities it has already announced, the federation said it is more important than ever that the Government establish immediately a "comprehensive scheme of scholarships, bursaries, and student loans."

given on Tuesday next, October 9th, and will consist of the British documentary film "The Unconquered." This film received an award as the best British Documentary Film of 1950, and many of the films which will be shown during October are award winners.

The Librarian wishes it to be known that it is not intended to show films during the lunch period as there is no arrangement for lunching in the Rutherford Library building. It is hoped that students will find sufficient time to secure lunch before seeing the films.

As far as is known, there is no provision for film service of this type for University students on any other Canadian campus, although some high schools have arranged film showings during the noon hour for students who do not go to their homes for lunch. It is expected that the film showings here will prove a welcome innovation.

## J. W. E. Markle

## Secretary Markle Convalesces While Son Stands In

Unfortunately illness this summer robbed the University Alumni office of the services of Mr. J. W. E. Markle, permanent secretary of the organization.

After attending an Alumni Association conference in French Lick, Indiana, Mr. Markle visited his daughter in Madisonville, Kentucky, where he suffered a heart attack which confined him to hospital for several months.

Mr. Markle was released from hospital just a few weeks ago and arrived in Edmonton from Kentucky only last Sunday. For the present he is convalescing at home.

Mrs. Markle accompanied her husband on his trip to the U.S. and was with him during his illness.

Alex Markle, eldest son of the Alum Secretary, has taken over his father's job, at least on a temporary basis, while his father recuperates. Alex is well qualified in his new position, having served as President of the Alberta Alumni Association in Ottawa, where he attended Carleton College.

Alex is a graduate of the U of A class of 1948, taking a degree in Arts. He did post-graduate work at Carleton College in Journalism, getting his degree from that school in 1949.

Prior to his return to Edmonton, Alex Markle has been employed with the Legion Press in Ottawa.

With Alumni Homecoming Weekend only a few weeks away, Mr. Markle Junior has stepped into a difficult job which will require all his talents in organizing the giant affair.

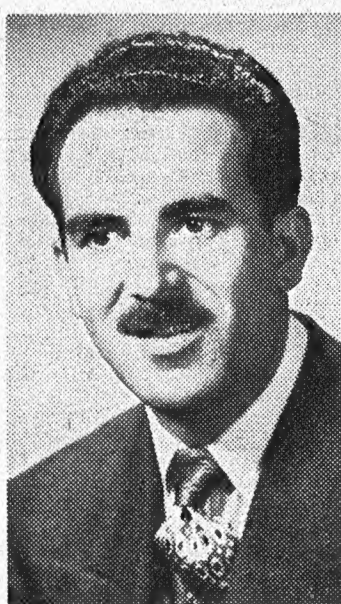

The Alumni Association has suffered greatly from the loss of Mr. Markle during this period, but Alex Markle has brought to the job all his father's talents, and should make an excellent stand-in until his father is able to assume his job once more.

## NOTICE

Members of the Light and Sound crew will meet in the Council Chamber of the Students' Union Building, Thursday, October 4, at 8 p.m. All students interested in this organization are invited to attend the meeting.

Winners of the Makeup Contest at the Frosh Mixer Dance held Saturday night in Athabasca Gym. Mistresses of Ceremonies Eleanor Cook and Nancy Collinge capably presented women's sports on our campus in both a serious and comic manner.

## Women Athletes Hold Activity Night

Women's athletics started off with a gay Activity Night Tuesday in Athabasca Gym. Mistresses of Ceremonies Eleanor Cook and Nancy Collinge capably presented women's sports on our campus in both a serious and comic manner.

Each sports enthusiast presented a short skit. From somewhere the swimmers obtained a blue wading pool, and Muriel Clapp outdid all swimmers with her fancy strokes. Jean Grusz's diving from the pool to a tumbling mat really made a hit with the crowd.

The golfers had as their pro Ollie Barilko, and Fran (Flash) Farley was the adept stude. Needless to say, Farley as the Fool was better than ever.

Elaine Fildes' exhibition for tennis and badminton with a squash racquet was not the typical Fildes way of handling a racquet.

Volleyball saw a costume parade. Muriel Clapp's strapless swimming suit with striped knee pants was another scene stealer.

Pat Austin introduced her basketball team to play against the Pandas and Cubs, who had previously played a short exhibition game. Miss Austin's freshettes were good sports, but their basketball left much to be desired.

Miss Austin was one of the privileged few to have boys in another of her skits: the square dances. Two squares in special square dance costumes with Miss Austin calling proved very entertaining to the audience.

The winter sports curling and skating also had their time. Pat O'Hara curled on a blanket with new styles stones in a costume unfitting to Pat. Joyce Bannerman and Joan McMurchy introduced the skating. (Wow!)

Marilyn Huestis clowning for the tumbling club. Those gymnasts must really get a work-out!

A chorus of "No! No! A Thousand Times, No!" was put on by Nancy Collinge and Shirley Wilson as the singers, Joan (Lefty) McFarlane, hero, Jolly Smart, heroine, and Fran (Flash) Farley, villain.

The Tess Johnson Trophy to be awarded for the first time this year was presented by Ollie Barilko to Pat Austin and Eleanor Cook. This trophy will be awarded to the girl who is outstanding on the campus in

## Mixer For Frosh Held By Ag Club

The Agricultural Club, following their plan of numerous social functions for members, which last year included the Harvest Hop dance and the Bar None, Wednesday night held an introduction meeting for freshmen members in the mixed Lounge.

"Although the Ag Club is one of the smaller clubs on the campus, we have the spirit to do things and do them well," said Prof. Strickland of the Entomology department. Dr. McCalla, addressing the Freshmen, gave a hearty welcome to all new Ags. He stressed the position of the Ag Club on the campus and the importance of graduates of Alberta in agricultural work in Canada.

The feature of the evening was a comic presentation by the Professors of various weird costumes. Frosh were introduced to the lighter side of their profs. as they joined in the fun.

Following the fashion parade, the group invaded the snack bar for a bull session and refreshments.

Intramural sports. It has been donated by the major award winners of the girls' athletic association of the years 1949-51, in honor of Miss Tess Johnson, who was responsible for organizing Phys. Ed. for women on this campus. This organizing included Interscholar Sports and Sports Weekends for girls.

The evening ended with cokes and donuts offered at the end of the program by a chorus line. About 200 people attended and really crowded the Athabasca Gym. Present in the crowd were Miss M. Simpson, Mrs. A. Stewart, Mrs. H. P. Sparby, Mrs. M. Van Vliet, Miss M. Patrick, Miss E. Bakewell, Mrs. M. McLaughlin, and Mrs. Fildes, who is visiting from Montreal.

## Prof. E. S. Keeping Issues New Book

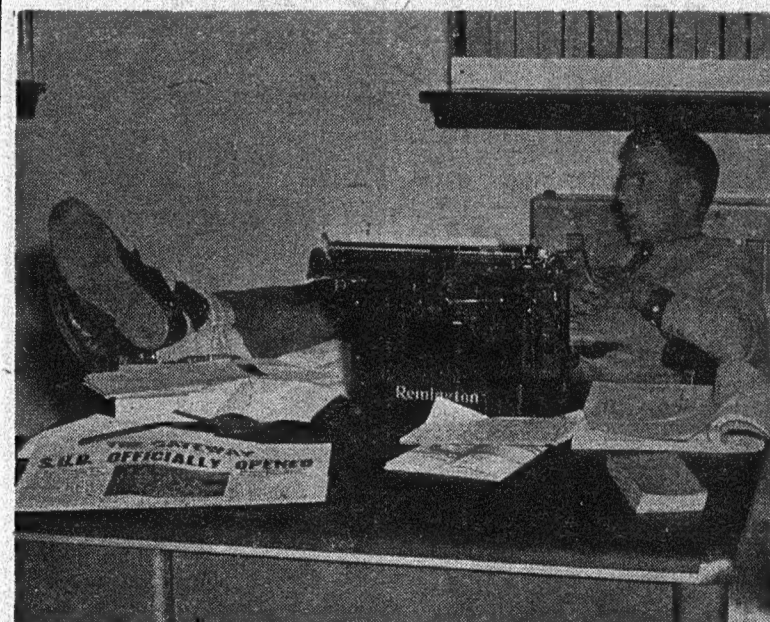

Professor E. S. Keeping of the Department of Mathematics, University of Alberta, has recently issued a new edition of "Mathematics of Statistics" in collaboration with Professor J. F. Kenney of the University of Wisconsin.

The new edition, published by the Van Nostrand Company, replaces an earlier edition of 1939, which has been almost completely rewritten, resulting in what is in effect a new textbook on the subject.

Designed to meet the needs of advanced students, the book contains material likely to be useful in the field of experimental statistics on such studies as actuarial science.

It deals with such subjects as probability, distribution functions, mathematical expectation, distributions of variables, sampling theories, and simple, multiple, and partial correlations, concluding with a chapter on statistical inference.

Professor Keeping recently returned from a month's stay in Halifax where he attended a seminar on public and statistics organized by the Canadian Mathematical Congress and attended by prominent mathematicians from England, France, Sweden, the United States, and Canada.

Dale Newcombe, Editor-in-Chief of The Gateway, is caught by the candid camera in a typical pose as he contemplates the subject for his next editorial. Editor Newcombe appears to be wearing size 16's, but claims this to be entirely a distortion of the camera. —Photo by Reid.

## Lectures on Journalism Held By Gateway Staff

Classes in journalism will begin soon for Gateway staffers, aspiring newspapermen were told Monday night. The classes will be open to anyone on the campus who is interested, and lecturers will be former Gateway Editor-in-Chiefs and other overtown newspapermen.

Dale Newcombe, Editor-in-Chief, and Louise Wilkins, Managing Editor, welcomed 21 newcomers to The Gateway, in a meeting held in a SUB conference room.

Irene Bowerman, '50 Editor-in-Chief, also spoke. She will give three lectures covering all phases of newspaper writing.

Don Smith, also a former Chief, will lecture on the art of discovering news and general news writing. The interview will be covered in his talks.

On Saturday, Oct. 6, at 2 p.m., Dale and Lou Wilkins will outline the paper's policy, general run of news and news beats. Assignments for the Friday paper will be made to fledgling reporters to get them into the swing of newspaper work.

Two news editors, a day editor, two sports editors, a features editor, and nine more writers are still needed to keep the paper on schedule.

Harold Reid of the Photo-Directorate spoke on the relationship of the directorate with the paper.

Reid suggested that a reporter taking his own pictures or working in conjunction with a photographer would save much time. He also would have just what he wanted to go with his story.

A meeting for students interested in working with the Photo-Directorate will be held on the evening of Thursday, Oct. 4, in the SUB. Hal can be contacted any noon hour in his office by those unable to attend.

## NOTES

### from the Nurses

Varsity beginning again is always exciting, but to 277 students it is even more than that. You of course know who we mean: the nurses. Perhaps you have been fortunate enough to know their abode? It is that institution back on the prairie near the end of the campus.

Anyway, summertime on the campus is rather barren. If you're an athlete it can be really tops—there are wonderful Life Guards at the South Side Swimming Pool; behind the residence is a wonderful tennis court. And by the lineup of bicycles on the north side, the nurses do a fair amount of wheeling. And if the girls' feet can stand it after eight hours work, there are marvellous spots along the river for hikes.

The latest in athletics is Trail Rides—you know, horseback. It's at least a five-hour jaunt and they say the food they supply is terrific.

Doesn't that sound like a really fine summer to you? And above all

## Meds, Dents Hold Dance At Troc.

Some 200 couples danced to the music of Bob Lyons and his orchestra at the annual informal dance of Med and Dent students last night at the Trocadero ballroom.

The dance was the project of the second year Med class and special arrangements were made by Ron Young, Fred Marshall, and Arnold Murray. Members of this class put on a short floor show during intermission.

Special guests invited to attend the affair were Dr. and Mrs. Hucklell, Dr. and Mrs. Mark Marshall, university interns and clinicians. Dr. Hucklell is honorary president of the Medical Undergraduate Society and Dr. Marshall is honorary adviser to medical students.

Members of the MUS executive who attended the dance included Dick Macdonald, president; Tess Trueman, vice-pres.; Ron Young, sec.; and Bill Graham, treas.

—a nurse's joy—no classes and ten dollars a month!

The great expectation around the nurses' residence right now is the new auditorium. The official opening of the auditorium and of the new wing of the hospital was held here on Sept. 4th. This auditorium is really a wonderful building. The stage is very adaptable—large, good entrances and well-planned lighting. Behind and under the stage are good-sized shower rooms, dressing rooms and prop rooms.

The floor of the auditorium is all finished in preparation for badminton and basketball. This winter should see an enthusiastic athletic turnout. (After all, there are athletes in the winter as well as in the summer, even if a gal's social life might pick up!) Oh, yes, and that floor should be good for dancing. Come the end of October it will be initiated.

The Residence is booming with new faces. The Class of Sept. '54 registered Sept. 4th. Their number is sixty-nine, the largest class ever to register at this hospital. Accordingly, the two new wings lately added to the Residence are now occupied and the two new classrooms are put to use.

The nurses' club is the MacLeod Club, whose president is Joan Timmins. Shirley (Shay) Stinson is Nurses' Rep on Students' Council. Joan Gilmour is nurses' Wauneta Rep.

You can really say that the nurses rejoice to see Varsity begin. As we were saying, it can get pretty lonesome around here in the good old summertime.

## OUTDOOR CLUB

A business meeting for the election of new officers and discussion of future plans is scheduled at 7:30 p.m. on Thursday, Oct. 4, in room 309 in the SUB.

A special invitation is extended to Frosh and other prospective members: come down and get an idea of the Outdoor Club's past activities and future plans. Bring your own ideas. (The meeting will be short and will start on time.)

Last Sunday the Outdoor Club had a very successful Work Party, with an attendance of over twenty Outdoor Clubists. Coffee and do-

nuts were served. Another work party and the first social of the season, a weiner roast, are forecast for next Sunday afternoon and evening. Watch the paper for further news of your Outdoor Club.

### GIRLS' SPORTS

Panda practices:  
Monday, 5:00.  
Tuesday, 7:30.  
Friday, 5:00.

## FALL CONVOCATION TO BE HELD IN AFTERNOON, OCTOBER 20

The regular fall Convocation of the University of Alberta will be held in Convocation Hall at 2:15 p.m. on October 20, as originally planned, officials at the University announced today.

The visit of the Princess Elizabeth and the Duke of Edinburgh to Edmonton, originally scheduled for the afternoon of October 20, necessitated the moving of the Convocation to the morning, but with the postponement of the Royal visit to October 27, officials felt that the Convocation ceremonies should be restored to their customary hour in the afternoon.

The fall Convocation this year will confer honorary degrees on Mr. L. A. Thurber of Red Deer and on Mr. F. G. Roe of Victoria, B.C. In addition three former staff members will be awarded the rank of Professor Emeritus. Dr. Edouard Sonet who retired in 1947 as Professor of Modern Languages and is now living in Victoria, B.C., Dr. A. W. Downs, former Professor of Physiology, who retired at the end of 1948, and Dr. J. J. Ower, who retired this year from the post of Professor of Pathology, will receive this latter honour.
